ANNEXURE V

MANAGEMENT DISCUSSION AND ANALYSIS

Pursuant to schedule V of the SEBI (LODR) Regulation, 2015. Management Discussion and Analysis Report form a part of the Annual Report of the Company. It indicates the Company's movement in the external environment Vis-a-Vis its own strengths and resources.

AN ECONOMIC OVERVIEW GLOBAL ECONOMY

The second wave of COVID-19 has triggered the deepest global recession in decades. While the ultimate outcome is still uncertain, the pandemic will result in contractions across the vast majority of emerging market and developing economies. It will also do lasting damage to labor productivity and potential output. The immediate policy priorities are to alleviate the human costs and attenuate the near-term economic losses. Once the crisis abates, it will be necessary to reaffirm a credible commitment to sustainable policies and undertake the reforms necessary to buttress long-term prospects. Global coordination and cooperation will be critical.

The COVID-19 pandemic has resulted in a collapse of global economic activity. The share of countries experiencing contractions in per capita GDP will reach its highest level since 1870, despite unprecedented policy support. A lack of space is constraining fiscal responses in many EMDEs. The scarring effects of the crisis mean that the recovery will be insufficient to bring output to previously projected levels, underscoring the need to pursue reforms that bolster long-term growth prospects.

INDIAN ECONOMY

The Indian economy is estimated to decline by 8% in FY 2020-21, the first year of contraction since 1980. However, India saw a V-shaped recovery as most consumption and industrial indicators were back in positive growth territory (+0.4%) in Q3 FY2021 after declining throughout the first half of FY2021.

During the crisis, the Reserve Bank of India (RBI), as well as the central and state governments, offered critical support to the economy. The RBI kept its monetary policy flexible, reducing repo rates by 115 bps in early CY 2020. The RBI maintained a liquidity surplus through different monetary policies to make funding markets easy.

The future depends not only on the success of the virus vaccine struggle, but also on how well economic policies implemented in the face of significant uncertainties can limit the long-term consequences of this historic virus outbreak.

INDUSTRY STRUCTURE AND DEVELOPMENT:

Due to the power- cutting in company factory established, the Company suffered amount of production loss during the current year and the same trend will continue in the next year also as the area of production is not having adequate power generating capacity.

HUMAN RESOURCES DEVELOPMENT:

The inter- personal relations of the employees have been very cordial throughout the year. The Company has constituted an Internal Complaints Committee (ICC) pursuant to the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (Sexual Harassment Act).

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal

financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.
